

Invitation:

Mobilizing ocean-climate action at all levels for increased climate ambition

6th November 2021 | 11:30am – 12:45pm GMT | Blue Zone, Loch Lomond Auditorium

Convened by: Rare, Government of Fiji, International Partnership for Blue Carbon (IPBC),
Friends of Ocean & Climate,

Speakers include:

- **H.E. Dr. Satyendra Prasad** – Fiji Permanent Representative to the United Nations (TBC)
- **Melanie Kaebnick and Kirsten Isensee** – IPBC
- **Atty Liza Resurreccion of Pilar**, Surigao Del Norte, Philippines, Coastal 500
- **Lisa Schindler Murray** – Rare
- **Government representatives from the Friends of Ocean and Climate**
- **Luanne Losi-Yawingu** – Climate Change & Development Authority, Papua New Guinea
- **Márcia Dias Marques** – Ministry of the Sea Office, Portugal
- **Ann Singeo** – Ebiil Society, Palau

About: Healthy oceans and coastal areas are a critical part of the climate solution. COP26 presents an opportunity to mobilize ocean-climate ambition at all levels: locally to globally. The event will share solutions for mitigation and adaptation action, including international partnerships to meet the potential of blue carbon ecosystems to mitigate climate change and contribute to sustainable livelihoods. We will discuss national and community-led solutions, focusing on pathways for increased ocean climate action at COP and on-the-ground.
